

Dobble breuken

Bedoeling:

Met dit spel oefenen de kinderen het herkennen en benoemen van breuken.
Tijdens dit spel komen 31 verschillende breuken naar voren.

Nodig: je hebt alleen de kaarten uit dit bestand nodig 😊. Even lamineren en spelen maar!

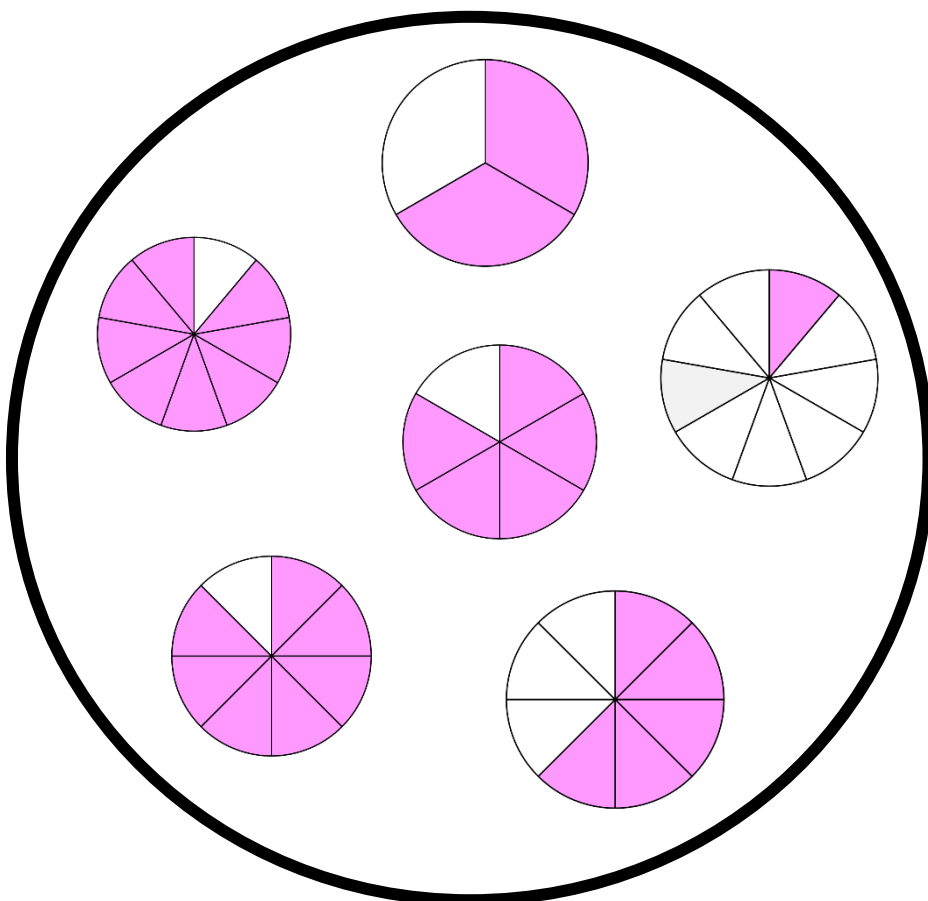

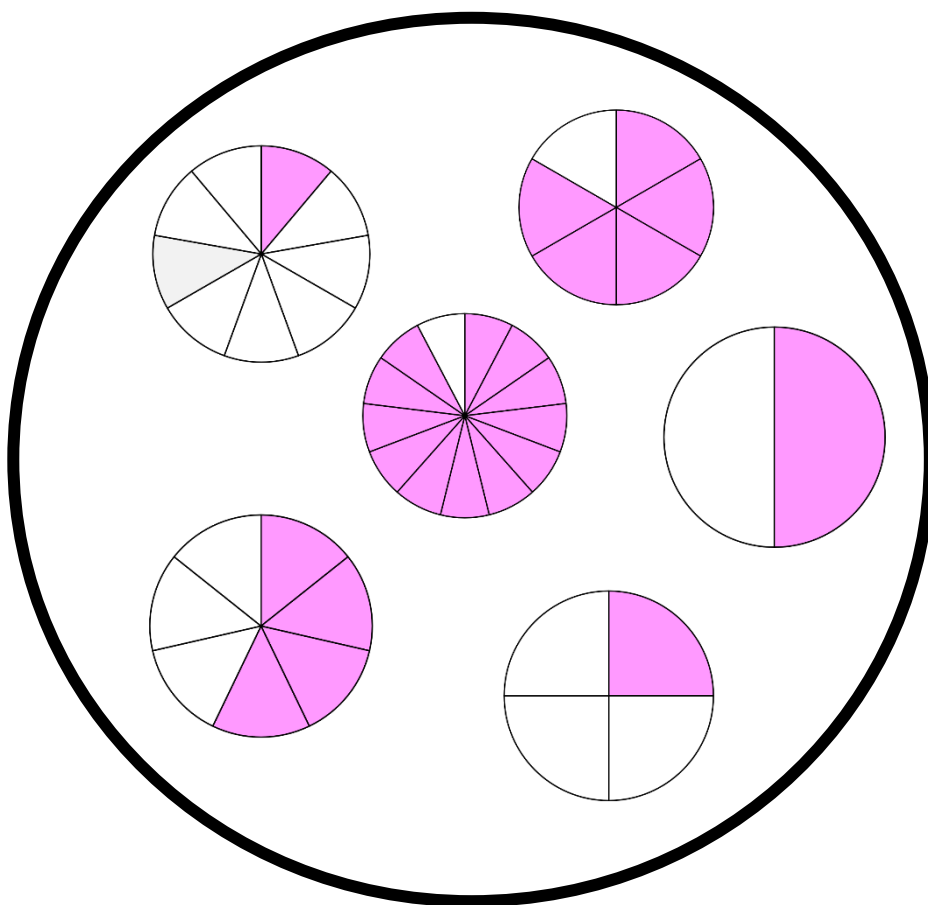

Vorbereiding: print de kaarten uit en lamineer ze.

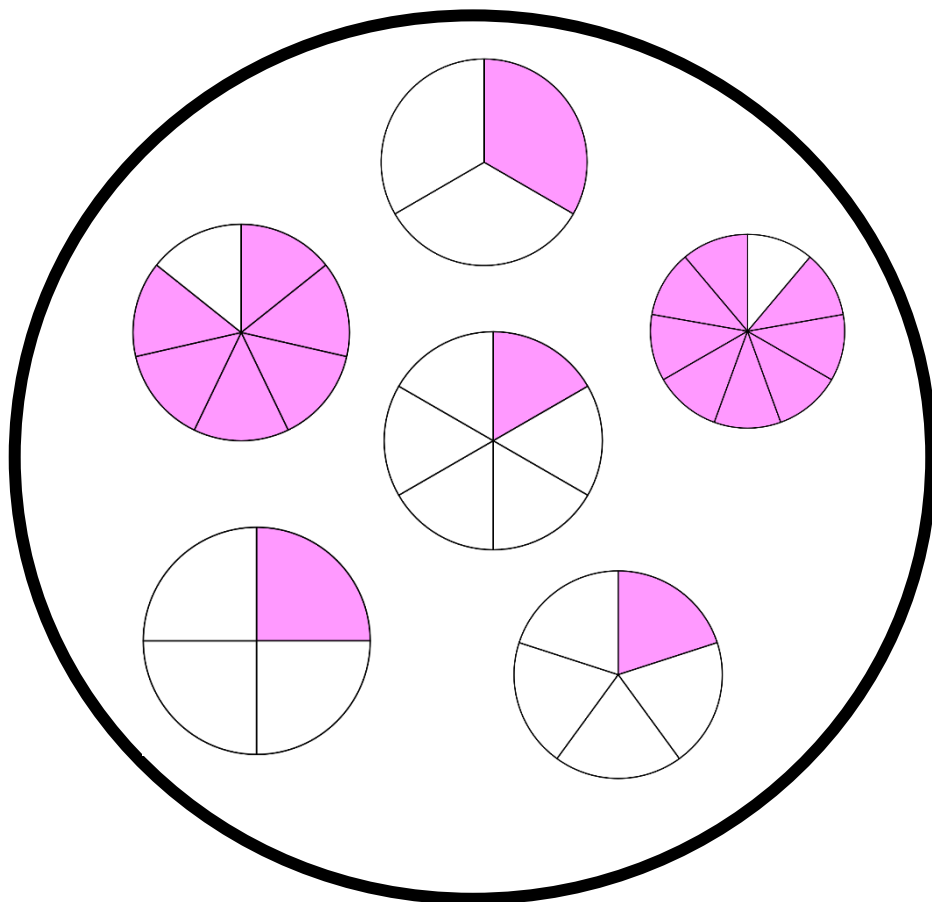

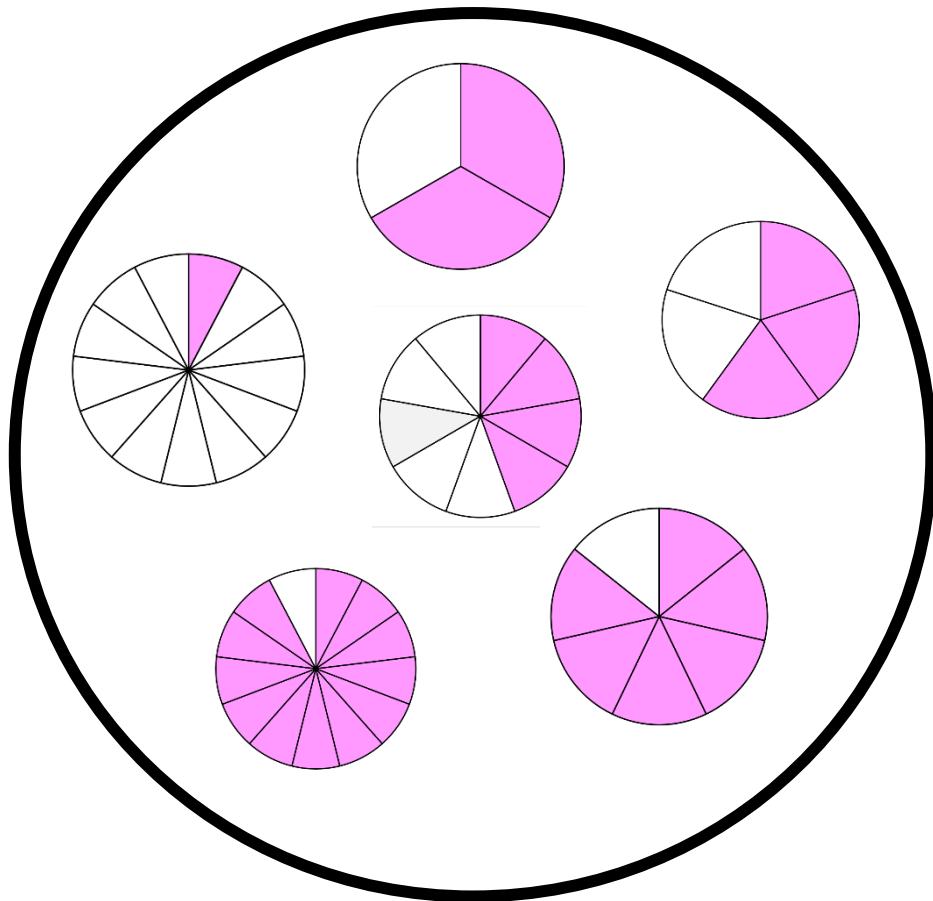

Uitvoering:

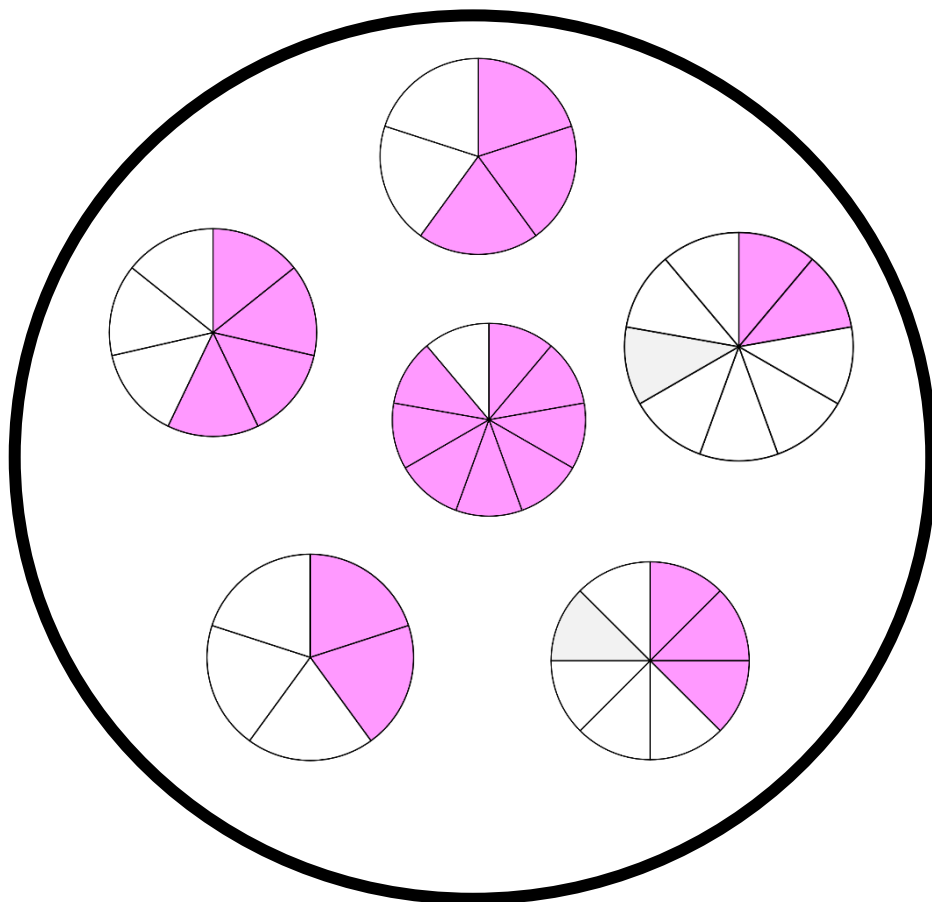

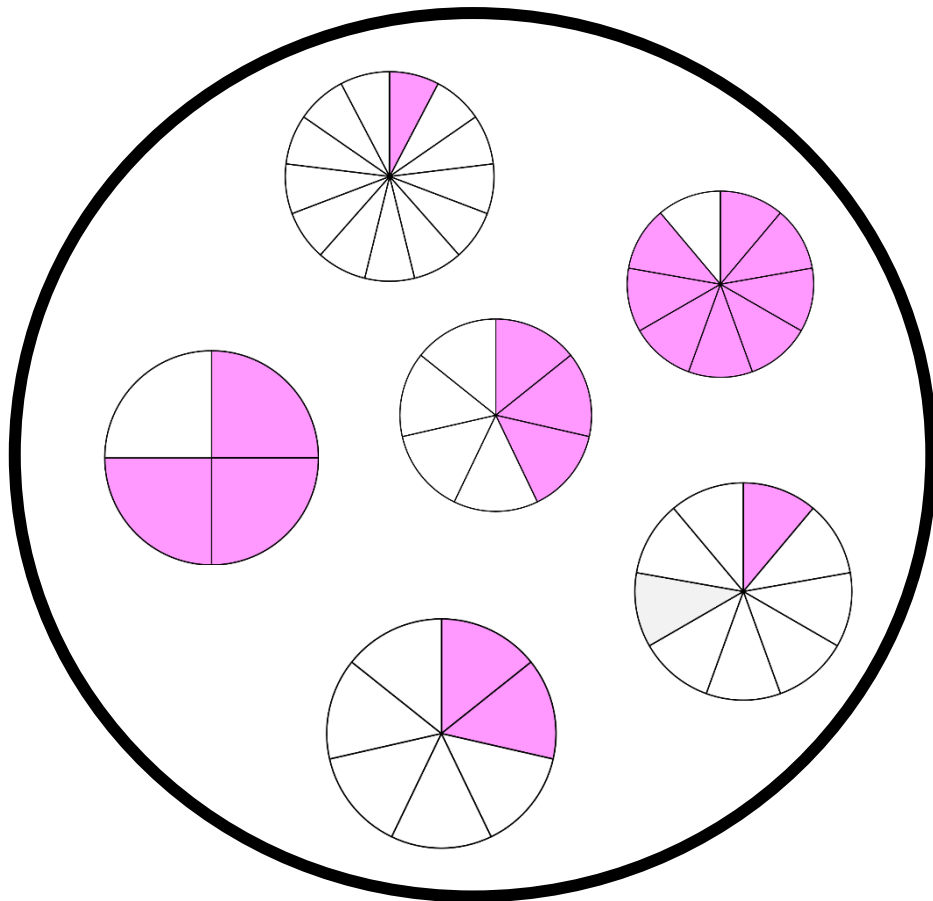

- Alle kaarten worden op een stapel in het midden van de tafel gelegd.
 - Alle deelnemers krijgen één kaart.
- De deelnemers zoeken zo snel mogelijk naar de overeenkomst tussen de kaart die zij hebben en de kaart die bovenop de stapel ligt. Voorbeeld: op jouw kaart staat de breuk $\frac{1}{2}$ afgebeeld en op de kaart op de stapel ook.
- Wanneer een overeenkomstige breuk is gevonden, slaat deze speler met zijn/haar hand op de stapel. Hierbij benoemt de speler ook welke breuk het is.
 - De speler legt de kaart bovenop zijn/haar eigen stapel.
 - Bovenstaande stappen worden herhaald.
- De speler met aan het einde de meeste kaarten heeft gewonnen.

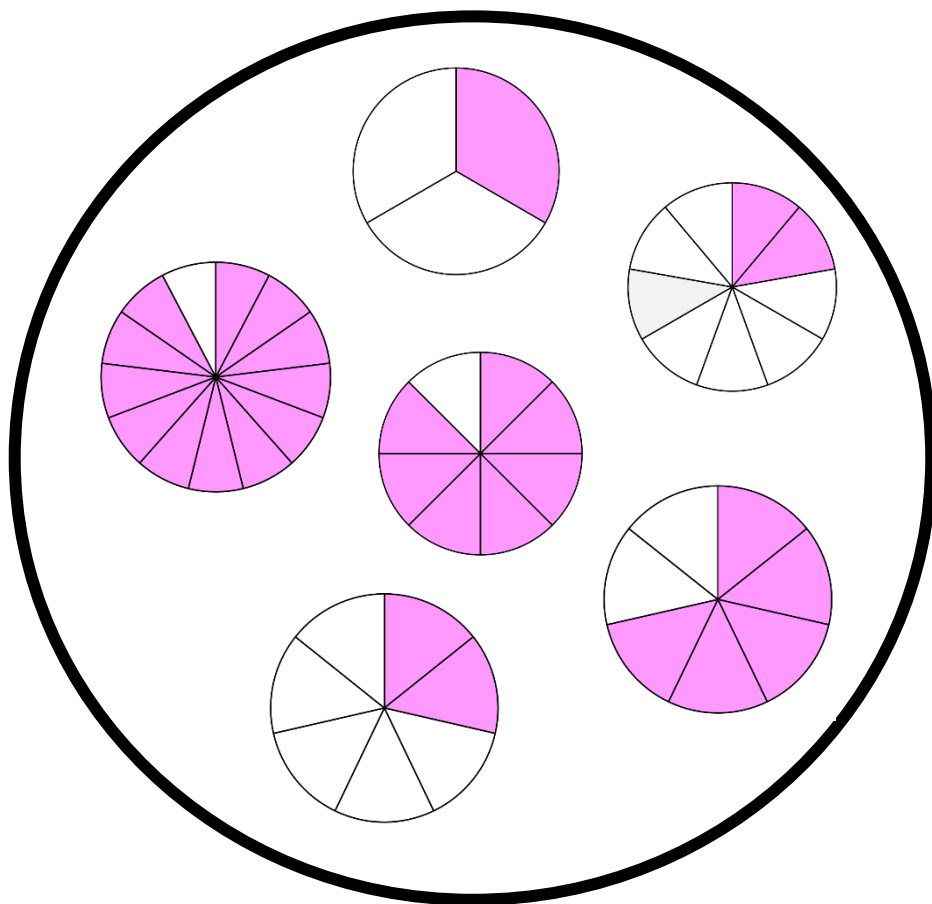

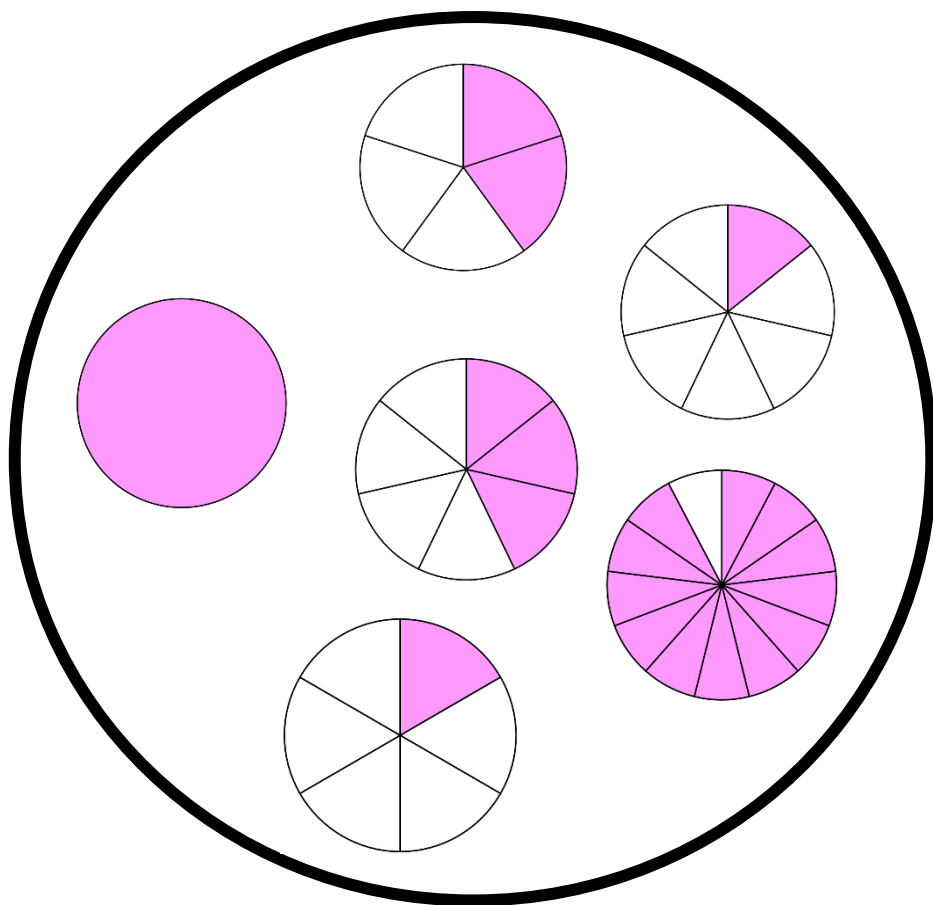

Variatie:

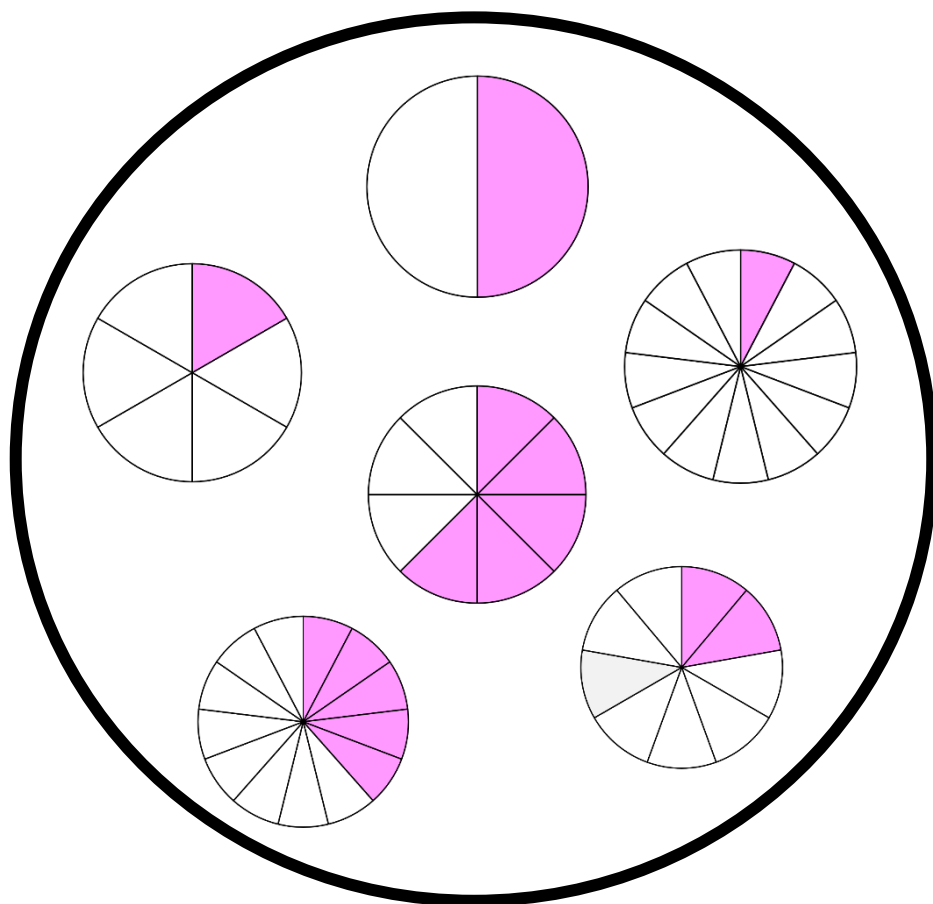

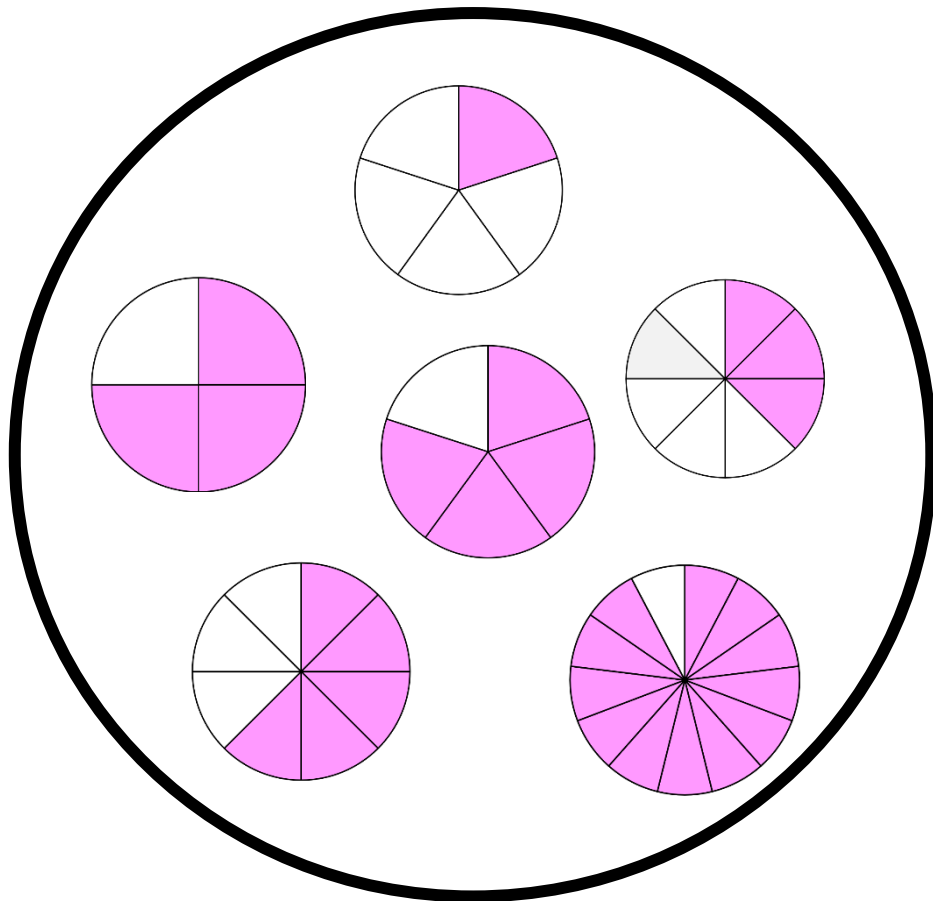

Er zijn veel manieren om het spel Dobble te spelen. Gebruik de kaarten dus gerust om het anders te spelen!

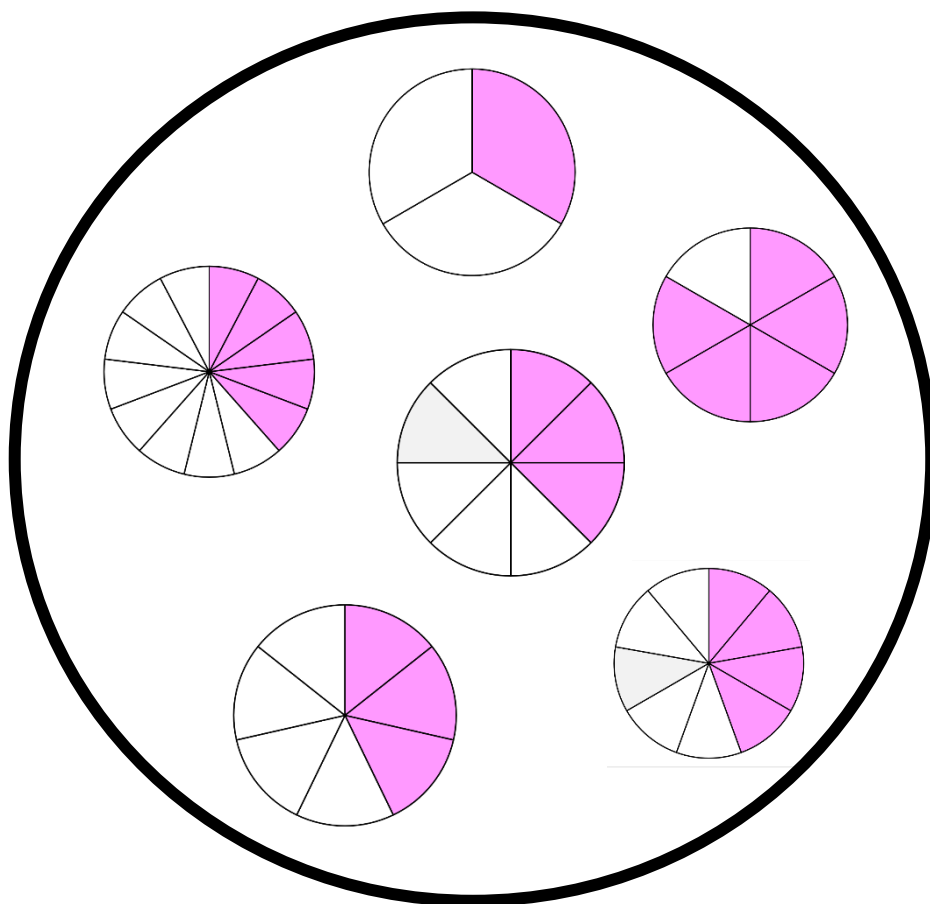

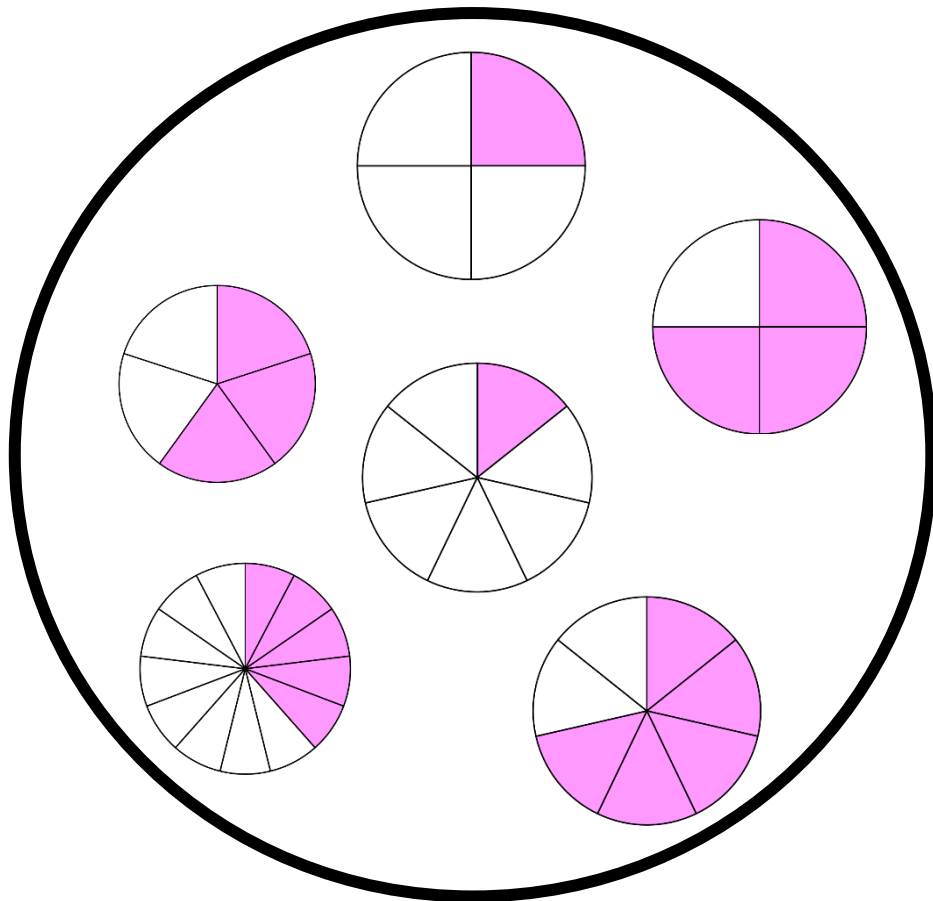

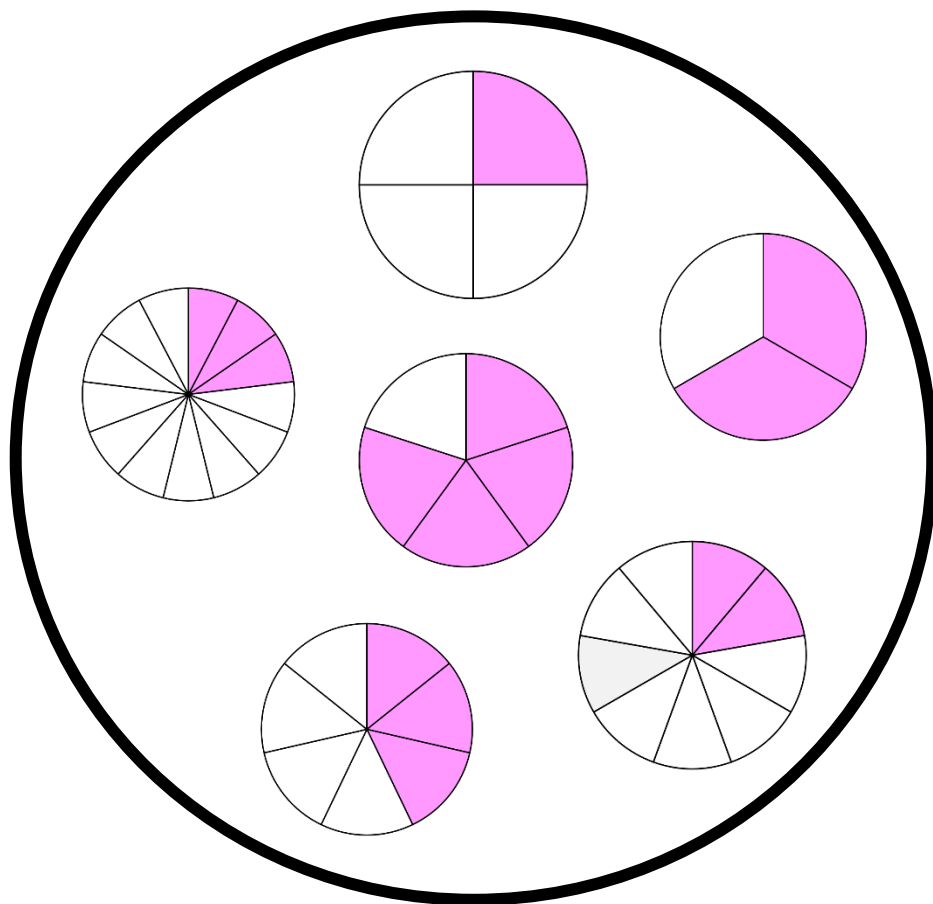

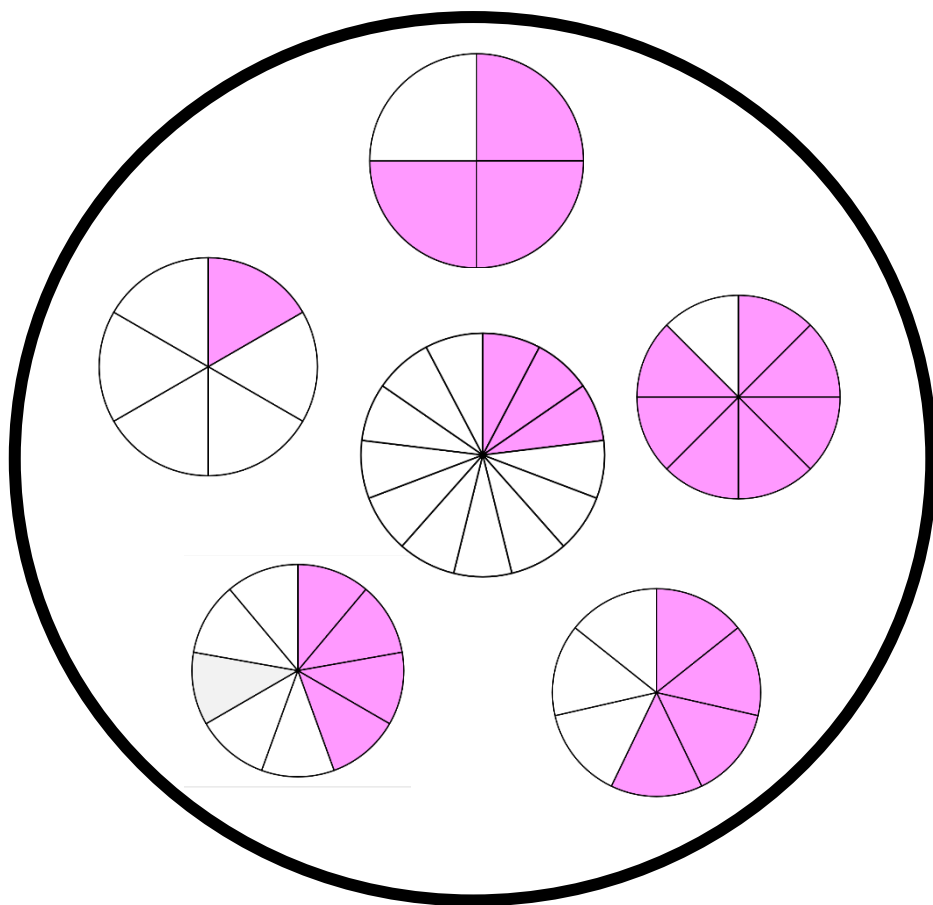

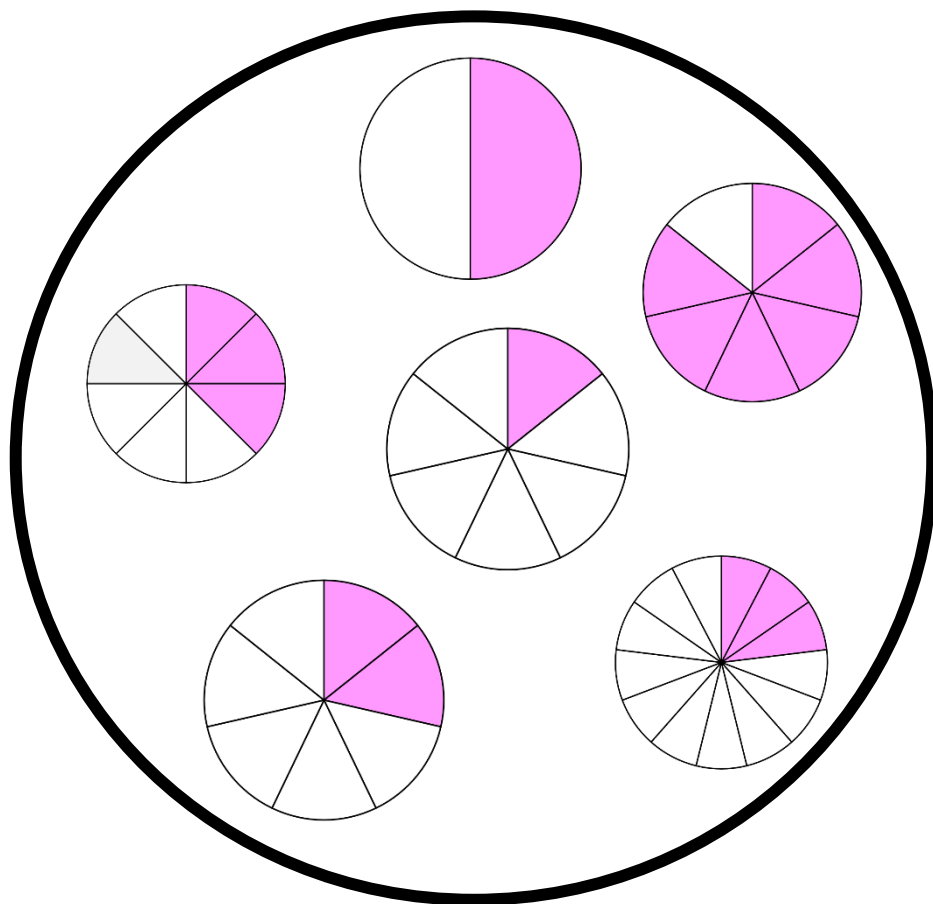

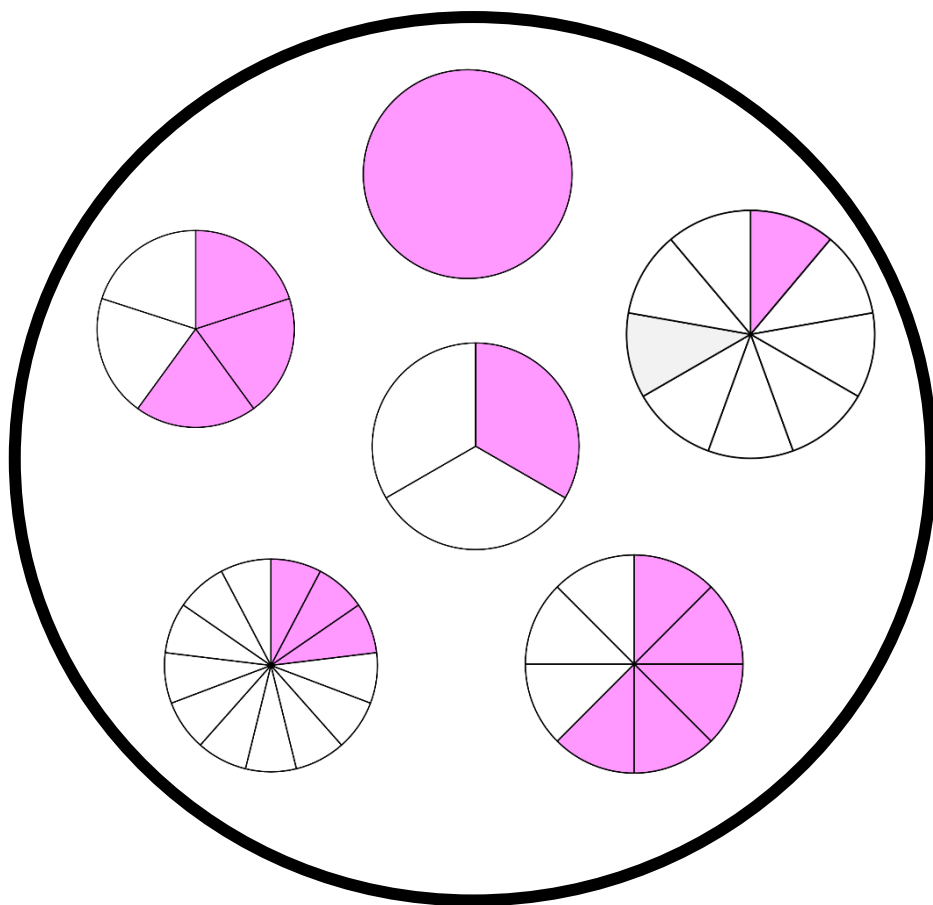

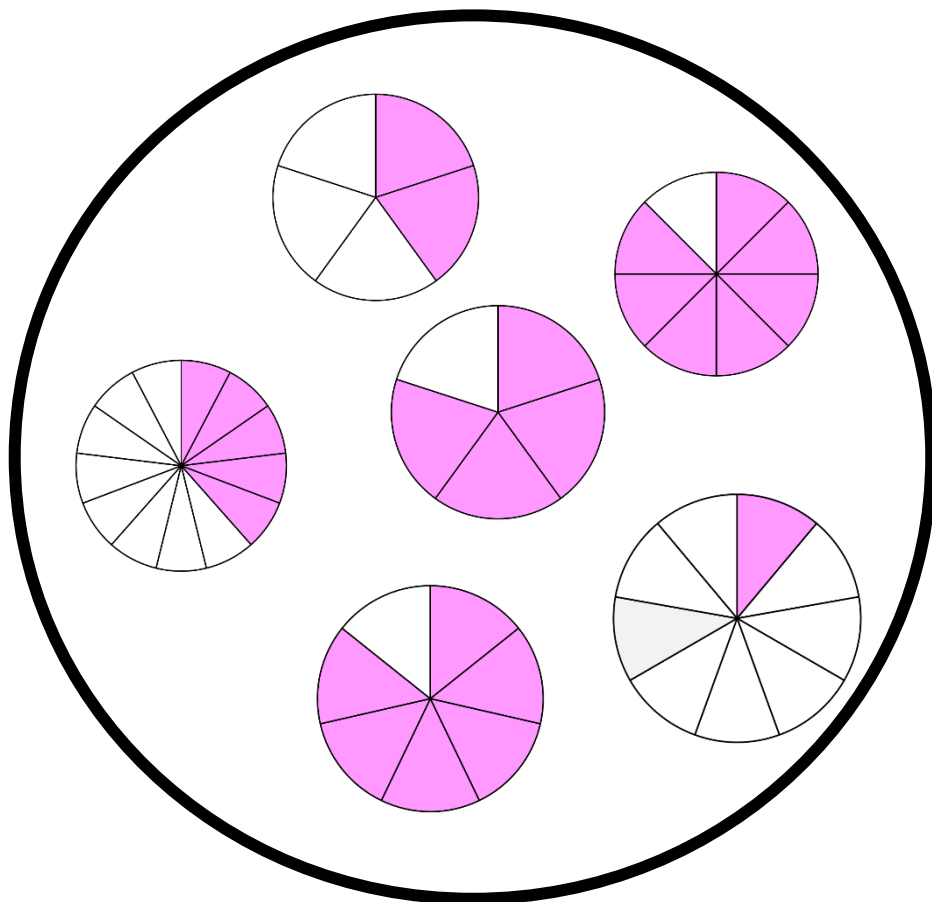

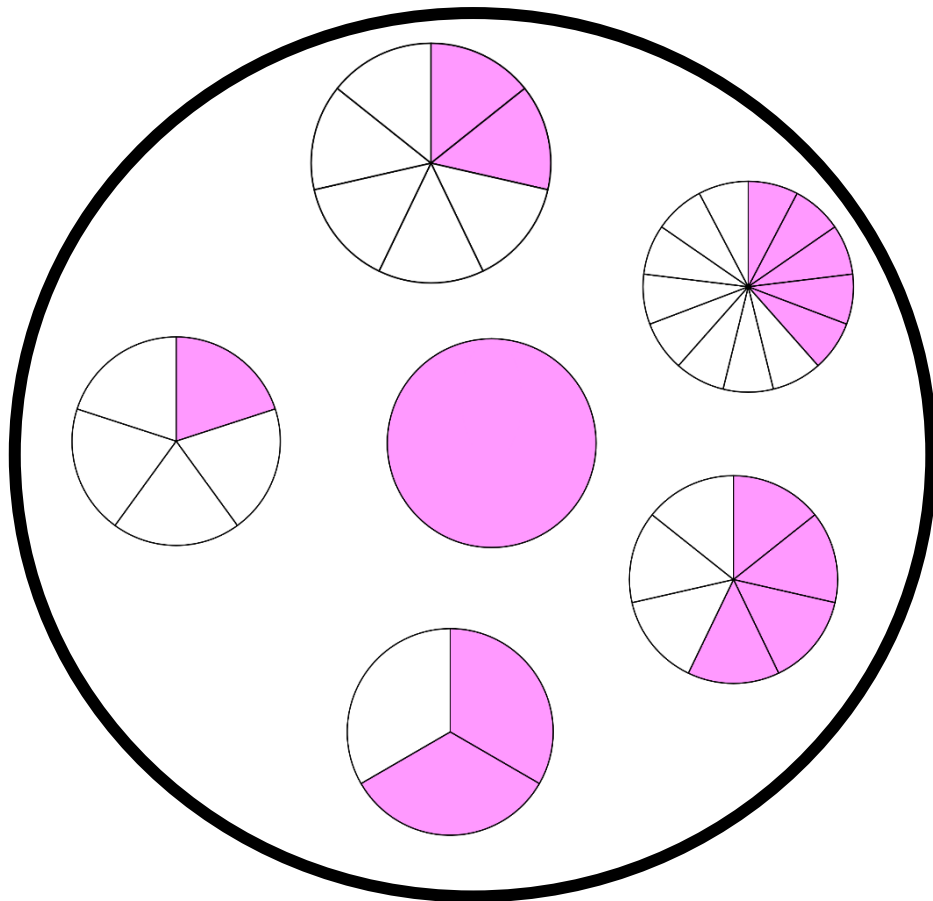

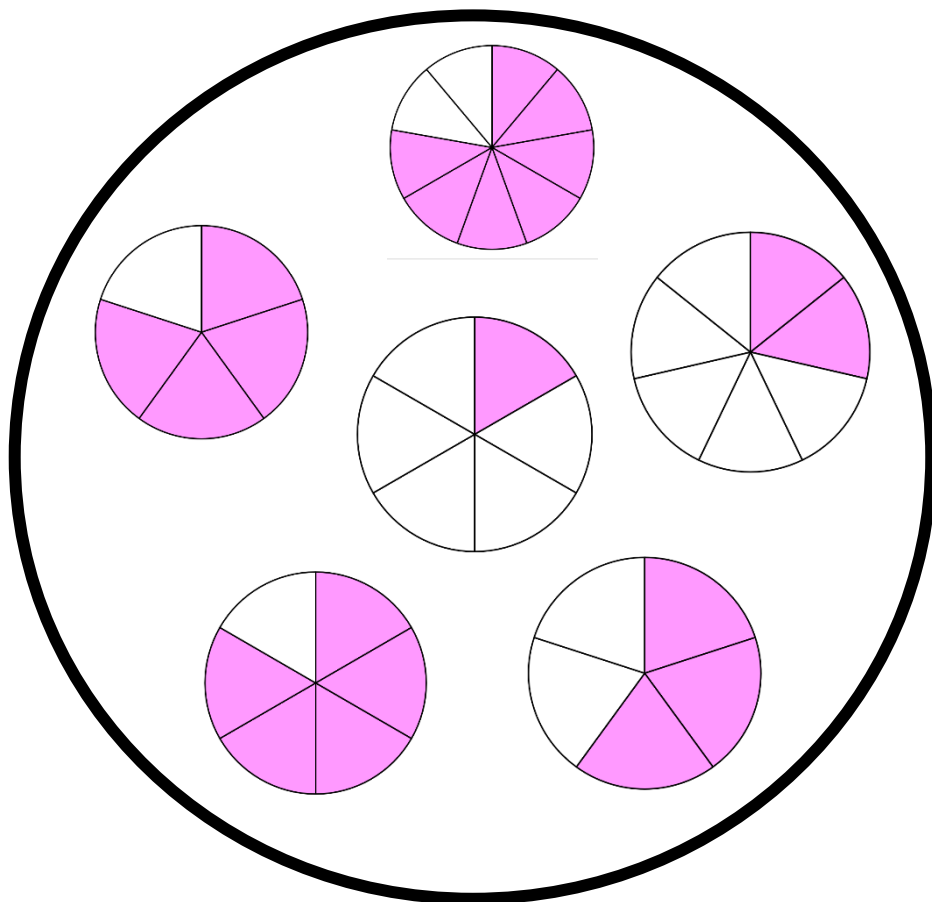

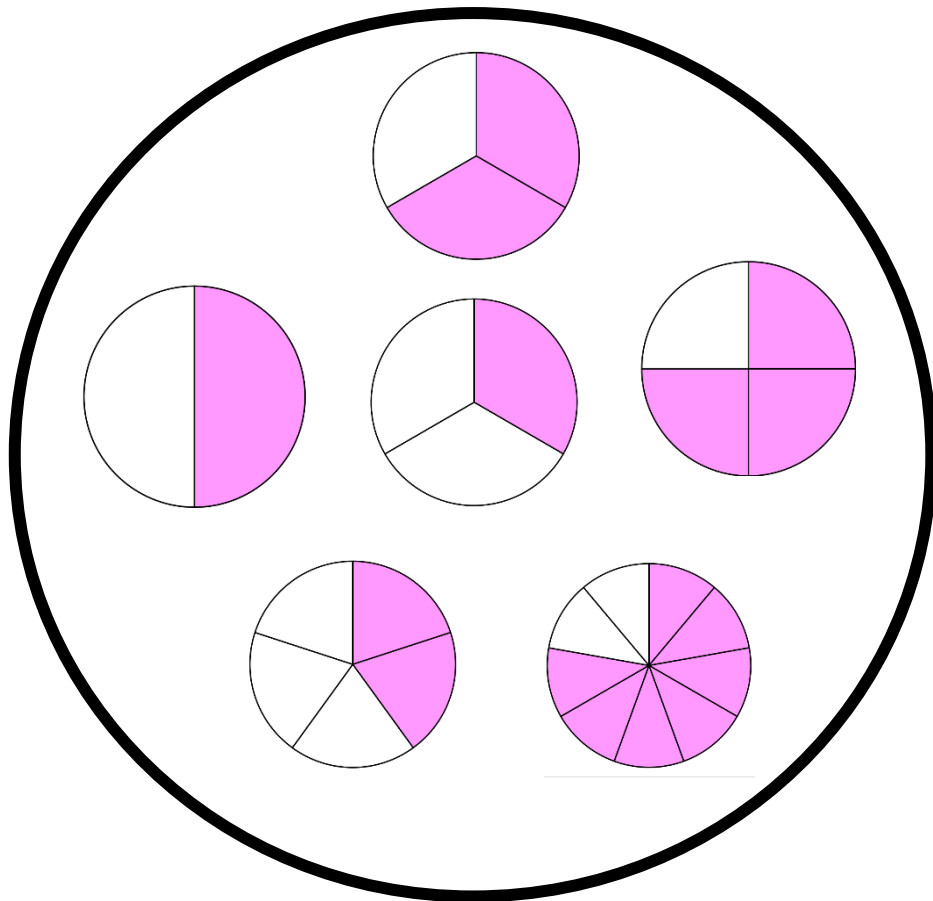

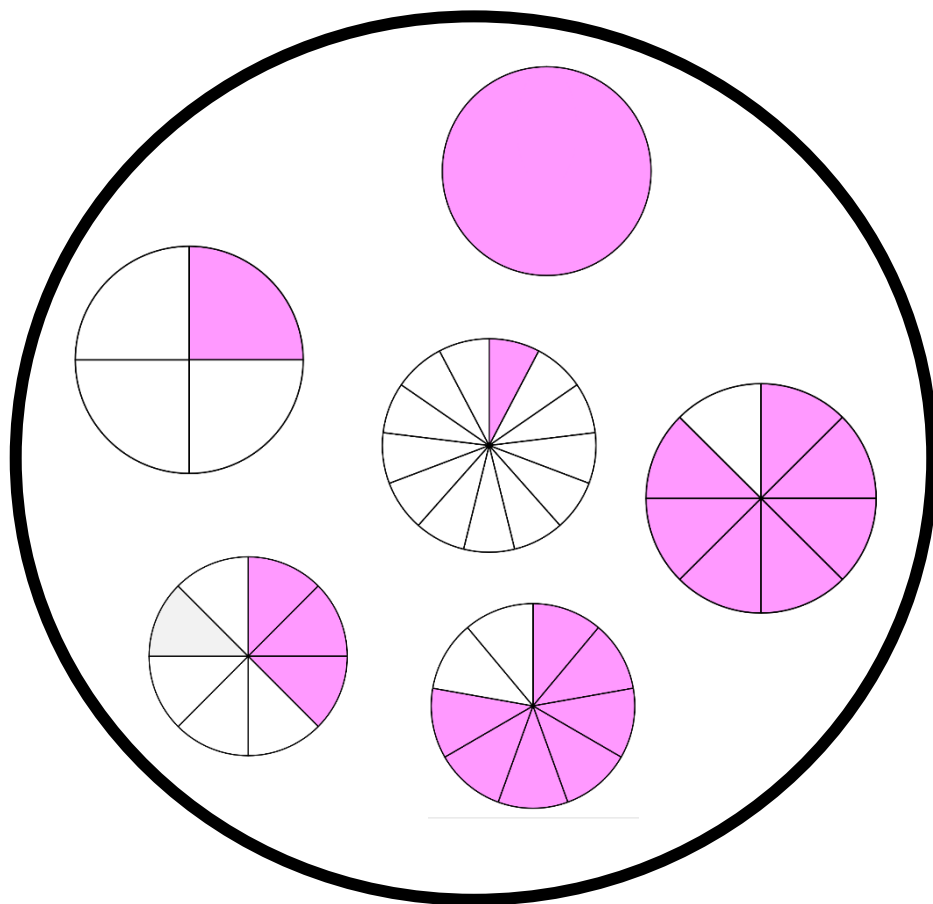

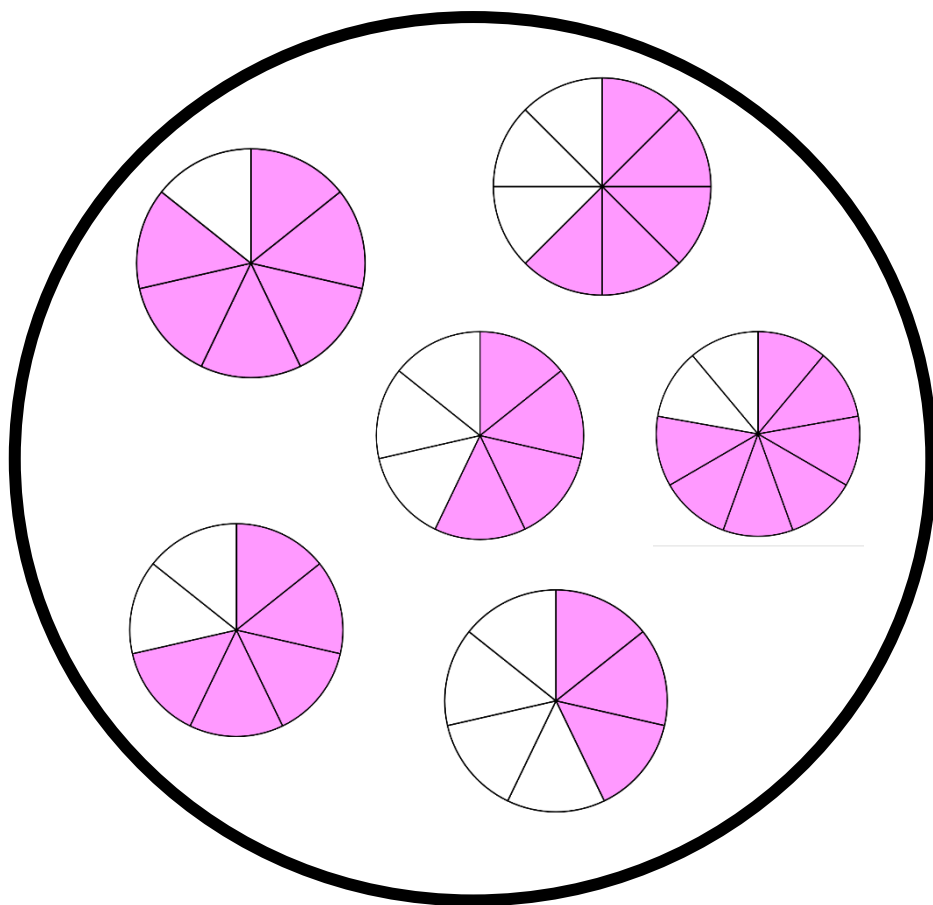

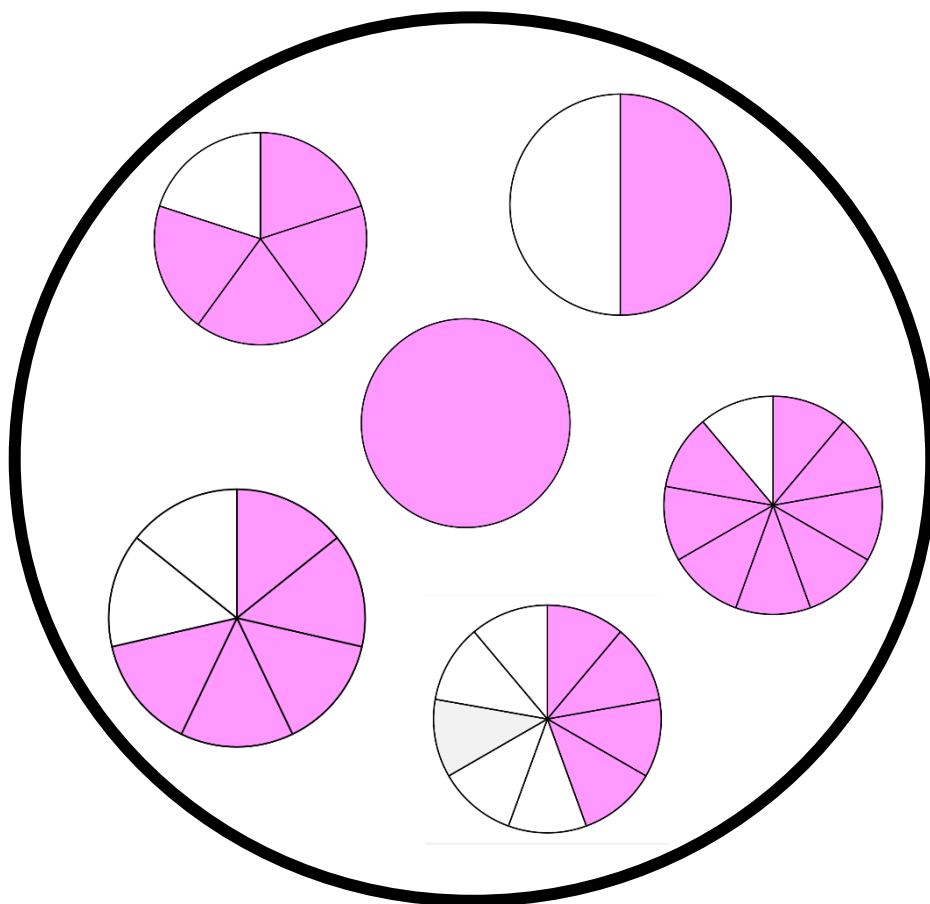

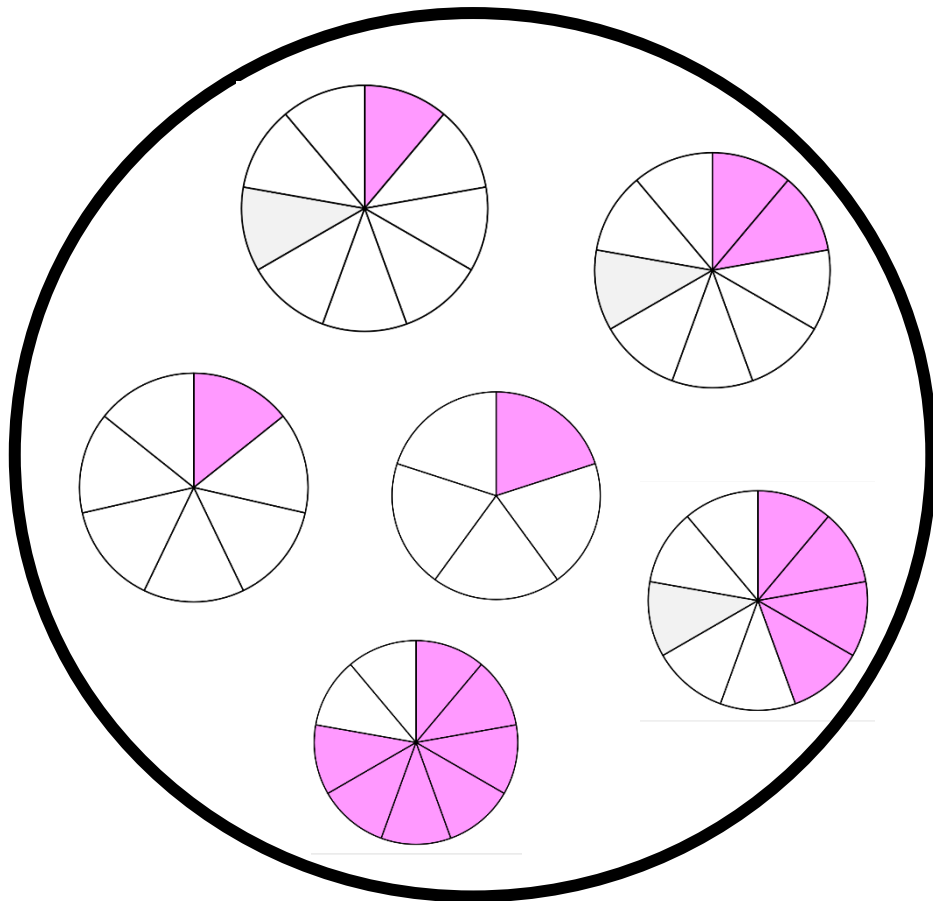

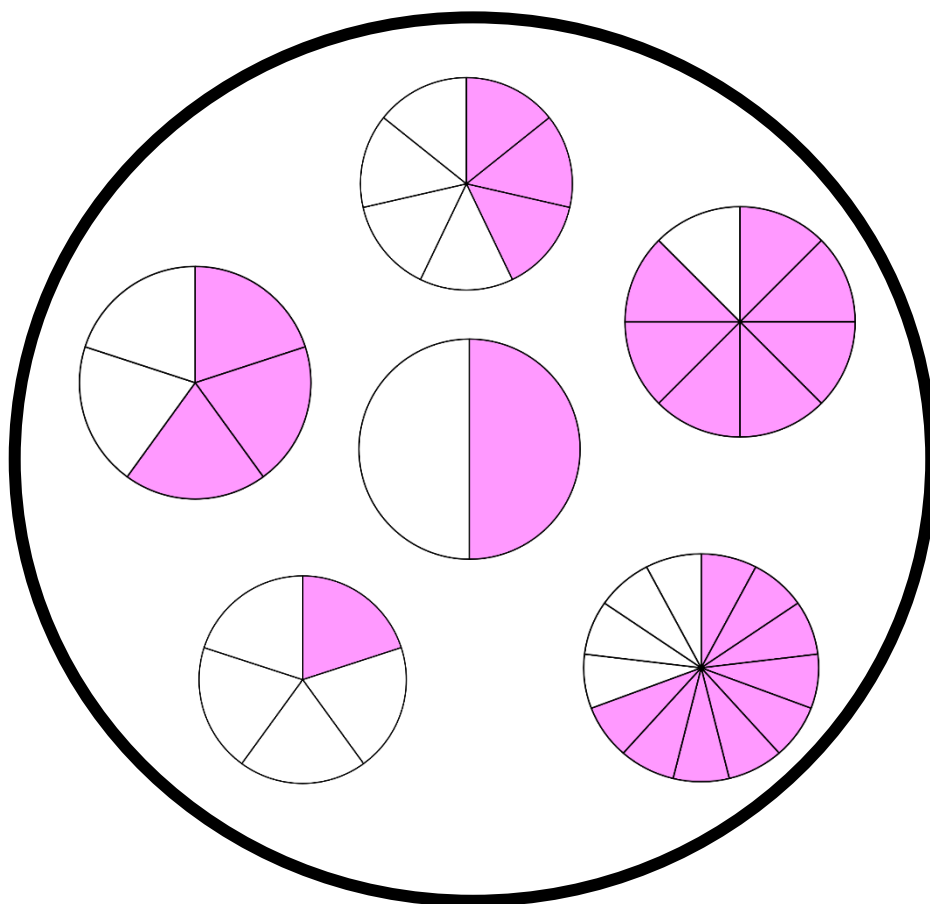

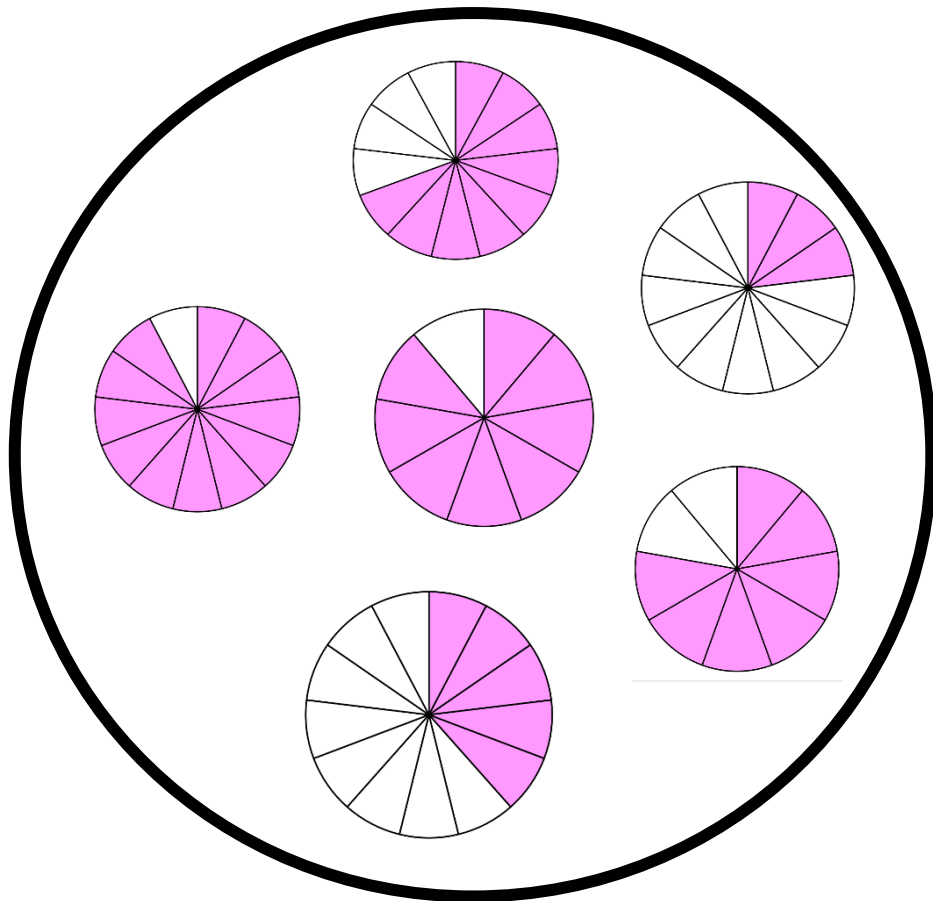

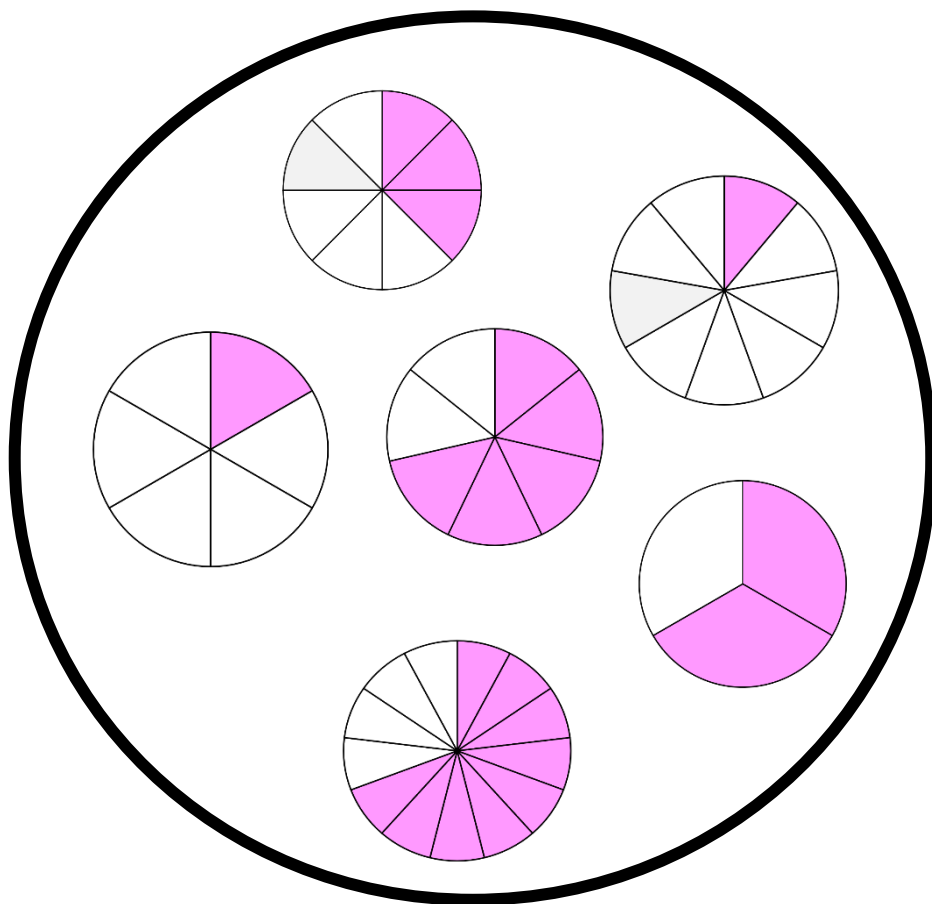

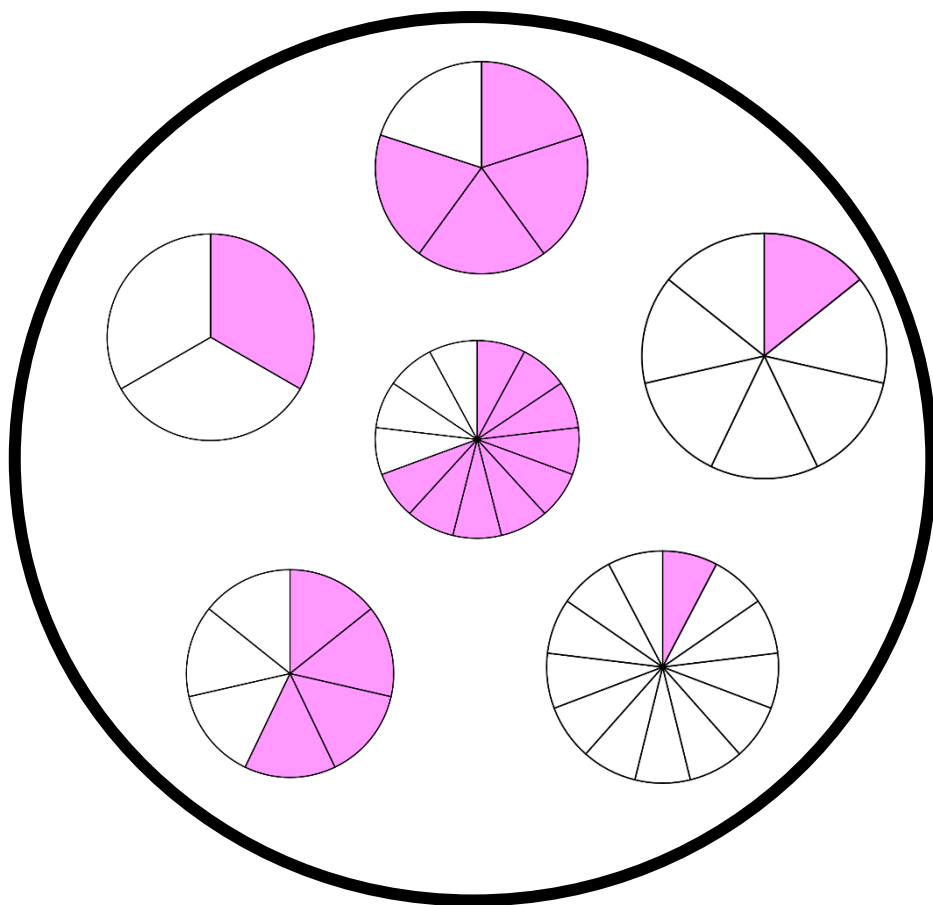

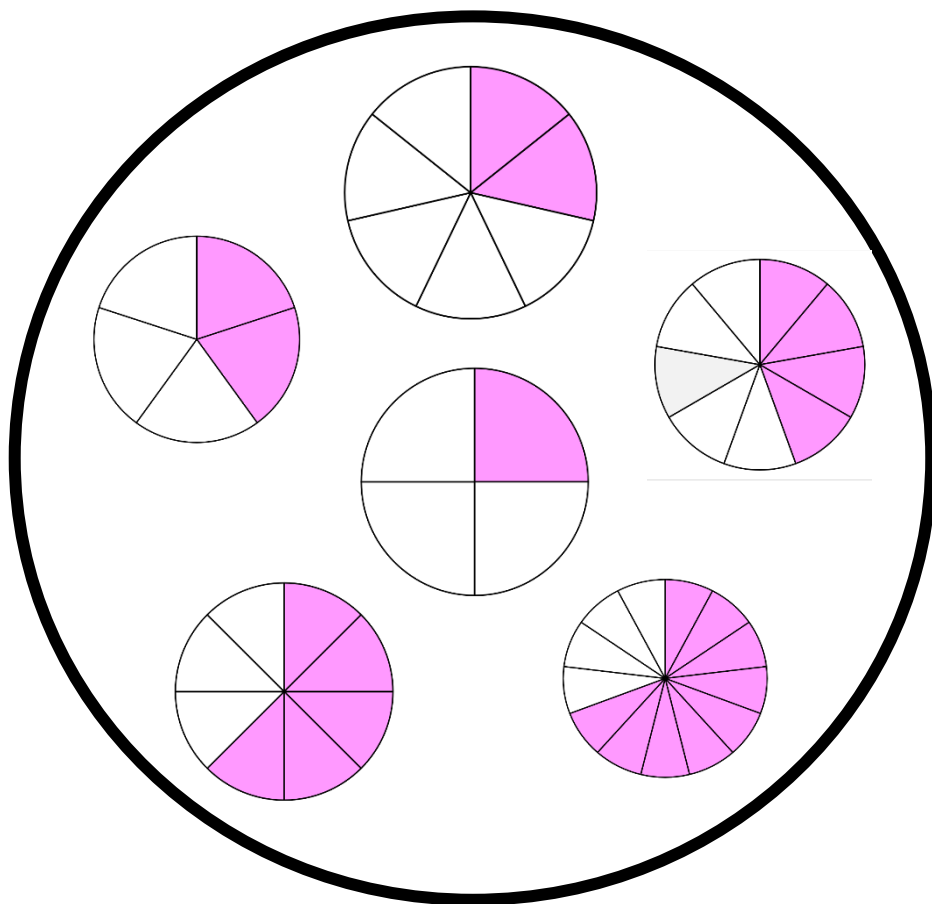

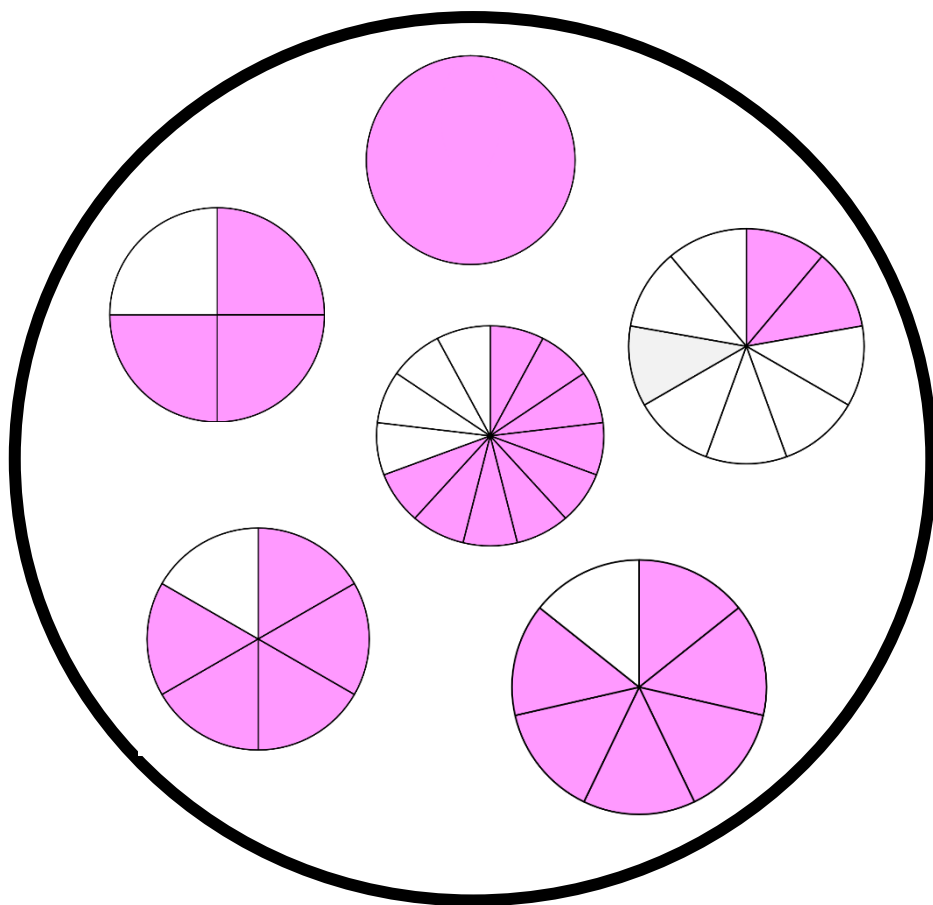

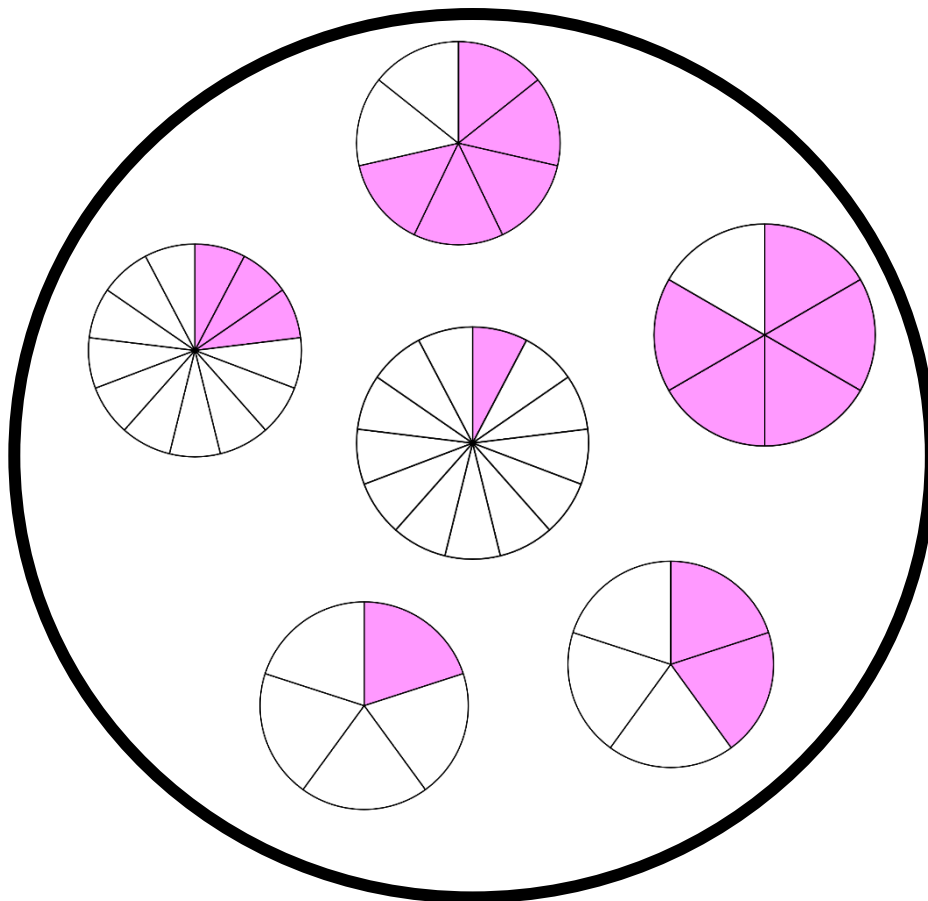

Bedankt voor het downloaden van dit document!

Veel plezier met de uitvoering 😊

Je kunt het bestand gratis delen met anderen.
Ik zou het leuk vinden als je naar mij verwijst!
